

D**A Anchovy group****B Demersal group****C Pelagic group**

Window start year (every window ends in the last observed year)

Thin light line: DSI. Thick dark line: DSIr. Shading between them: robustness discount. Grey band: interquartile range of DSIr for stationary simulated series (D); blue band: for level-shift and trend series. Dashed verticals: candidate starts 1977, 1988, 2001, 2016. Open circle: Thai DOF assessment start. Green diamond: DSIr optimum used for the DSIr group-window scenario. Grey area: starts leaving fewer than 12 years.
